

THE AIR THAT WE GRIEVE MARCH

**AIR POLLUTION LEADS TO ASTHMA,
STROKES AND LUNG CANCER**

**JOIN THE REBELLION AND DEMAND THAT
THE NATIONAL AND LOCAL GOVERNMENT
TAKE ACTION AGAINST TOXIC AIR**

**ON THE 14TH SEPTEMBER, WE MARCH FROM
THE LORD SCOTT STATUE, DUNCHURCH
TO THE RUGBY GYRATORY**

10AM – 1PM

**TO LEARN MORE VISIT RUGBY EXTINCTION REBELLION FACEBOOK PAGE,
INSTAGRAM PAGE (@XRRUGBY), OR EMAIL XRRUGBY@GMAIL.COM**

THE AIR THAT WE GRIEVE MARCH

Beyond Politics

As we all know, Rugby has an ever-growing problem with air pollution. The national and local government have collectively failed to deal with this.

Until the Government and local councils are forced to consider the health of the people who they serve, we will continue to suffer as a community.

We need you to say to the council and government that

Enough is enough!

Please join us - we need everyone... the young, the old, local groups. The march is between the two most polluted points in Rugby; Dunchurch to the Gyrotory. You can walk the whole route or join us for part of it.

All warmly welcome.
